ARMAN

Computer Science Student | Machine Learning & AI | Python | Data Analytics

+91-9034430733 | mmanisa418@gmail.com | jaipur, Rajasthan, India | linkedin.com/in/arman-kaushik-29b5b6370|github.com/B241561

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in Data Science, Machine Learning, and Data Analytics. Proficient in Python, Pandas, NumPy, Scikit-learn, SQL, and data visualization. Experienced in data preprocessing, exploratory data analysis, feature analysis, model evaluation, and performance analysis. Developed practical ML projects focused on model failure analysis, root-cause identification, and data-driven insights, supported by a strong foundation in statistics, probability, and analytical problem solving.

CORE COMPETENCIES

Tools: Python | Pandas | NumPy | Scikit-learn | SQL | Matplotlib | Seaborn | Jupyter Notebook | Git

Procurement Skills: Data Preprocessing | EDA | Feature Engineering | Statistical Analysis | Supervised Learning | Model Evaluation | Model Performance Analysis | Root-Cause Analysis

Core Skills: Data Analysis | Statistical Analysis | Machine Learning | Feature Engineering | Model Evaluation | Data Visualization

WORK EXPERIENCE

Web Devlopment Inhouse Intern *Jun 2025 – Jul 2025*

Kistechno Software | Jaipur, Rajasthan, India | On-site

- *Successfully completed a 15-day In-House Internship in Web Development at Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT), Jaipur, in collaboration with Kistechno Software.*
- *Developed a **Meme Generator web application with MySQL database integration**, enabling users to create, manage, and store generated memes..*
- *Worked on frontend development, backend integration, database connectivity, and implementation of web application functionality.*

AI/ML Intern *May 2026 – Present*

Kistechno Software | Jaipur, Rajasthan, India | On-site

- Working on practical AI/ML projects involving data preprocessing, machine learning workflows, model evaluation, and data-driven analysis.
- Applying Python and data science libraries to analyze datasets, develop ML solutions, and evaluate model performance.
- Contributing to ML-focused tasks involving data analysis, feature analysis, model performance assessment, and interpretation of results.

KEY PROJECTS

FeynML — Machine Learning Failure Analysis Engine *Tools: Python | Pandas | NumPy | Scikit-learn | Flask | SHAP*

- Developed an ML analysis system for diagnosing model performance issues through data quality analysis, prediction drift, root-cause analysis, and model performance evaluation.

AI Resume Analyzer *Tools: Python | Scikit-learn | NLP | PyMuPDF | Groq*

- Developed a resume analysis application for ATS readiness scoring, job-description matching, skill extraction, and data-driven improvement recommendations.

EDUCATION

Bachelor of Technology (CSE) — SKIT, Jaipur 2024 – 2028

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Database Management Systems, Statistics & Probability, Software Engineering, Java

Senior Secondary School — Shishu Shala School 2023

Secondary School — GSSS (Boys) 2021

CERTIFICATIONS

Oracle Academy- Machine Learning using java *2025*

AI/ML Internship Completion Certificate — Wonkru Digital *2026*

ADDITIONAL INFORMATION

Languages: English (Fluent, C1) | Hindi (Native) | **Availability:** 30-Day Notice | Open to Jaipur, Delhi NCR
